ABOUT ME

UI/UX designer with 5+ years of experience in the startup environment. Sole designer on 14+ products across fintech, e-commerce, and B2B/enterprise software — from market research and user flows to final UI and design system maintenance. Currently leading a flagship project (500+ screens: 2 back-office systems + a mobile app) heading toward launch. Enjoys diving deep into unfamiliar domains and working closely with developers.

WORK EXPERIENCE

UI/UX Designer

Jul 2021 — Present

AmiFactory Team

- Sole designer on 14+ projects in fintech, e-commerce, and B2B/enterprise software; 4 products launched to production.
- Leading current flagship project (500+ screens: 2 back-office systems + a mobile app) with a team of 3–4 developers (backend, frontend, mobile).
- Conducted competitor research and feature/pattern analysis to inform product decisions.
- Built user flows and wireframes from scratch through to final UI design.
- Developed and maintained a UI kit to ensure consistency across the development team.
- Ensured smooth handoff to developers and supported feature implementation.
